

Breaking the cycle of abuse,  
one family at a time

*Hope*

Message From the Executive Director

While we live in one of the best places on the planet to grow up, we also face daily crises in the treatment of children. Causes of abuse continue to range from untreated mental illness, to substance use, to histories of violence that carry forward through parenting and bullying. Fortunately, our community got stronger in its response to the challenges facing our children. This year brought so many great accomplishments for children in Orange County:

- Our community’s professionals continued to strengthen their understanding of trauma-informed practices that allow us to align our support for children who carry a history of tragic events.
- Our faith-based communities, youth organizations, and schools continued to increase their capabilities in screening, educating, and appropriately reacting to the potential for child abuse.
- Academia is making great gains in understanding the biological, psychological and sociological effects of child abuse...and factors that contribute to it too...that can help us practically identify families and children who need help and align our responses.

At CAPC, we continue to encourage advances and apply new thinking to the practical help given to our families and children. A very brief summary of accomplishments include:

- Helping over 7,000 children and parents build a more stable home environment through our direct in-home programs. Our programs bring help to where the need is...in the homes of our at-risk families.
- Expanding our Children’s In-Home Crisis Stabilization Program to serve over 600 at-risk children and their families.
- Opening up to the whole county our School Readiness program that helps families faced with challenging young children to prepare them for school.
- Increasing our community collaborations and partnerships to cover more cities within Orange County.
- Connecting over 450 at-risk families to our volunteers, corporate teams, and donor families through our three Families Helping Families events.

While we continue to work tirelessly to meet the immediate needs of our children and families, our long-term focus is on the families of the next 50 years: working together as a community to eventually end child abuse in Orange County. We cannot achieve this goal without your help. We all need to be a part of the fight against child abuse, and we thank you for your part in breaking the generational cycle of abuse for today’s and tomorrow’s kids who need us most.

Sincerely,  
*Scott*  
Scott Trotter, Executive Director

Message From our Board Chair

It has been an honor to serve as the Board Chair of the Child Abuse Prevention Center for the 2016-2017 fiscal year. Working closely with the organization has allowed me to see the dramatic impact our services make on children’s lives, and how our vision to create a safe and nurturing environment for every child in Orange County is within our power. Our mission to break the generational cycle of abuse serves the immediate needs of children all across this community with in-home and outreach-based prevention services.

I’ve also had the privilege of witnessing first-hand the tireless efforts of our dedicated professionals who engage directly with families to deliver much needed services to the community. I have heard countless stories of families whose lives have been changed and whose hope has been renewed because of the services they received. However, with more than 48,000 instances of child abuse reported in Orange County last year, the preventative services we offer are increasingly in demand. Now, more than ever, we must work together as a community to help the children and advocate for the prevention of child abuse.

Your investment in our mission allows the Prevention Center to continue to provide better lives to children all over Orange County. With 93 cents of every dollar going directly to our programs, you can be sure your investment will directly impact the lives of the children we serve. Thank you for your support and for joining us in giving Orange County’s children a bright future.

Sincerely,

Debashis Chowdhury  
Board Chair  
2016-2017 Fiscal Year

2016-2017 Board of Directors

The Child Abuse Prevention Center is governed by a volunteer Board of Directors comprised of business and civic leaders throughout Orange County, who lend their expertise to the business operations of the Prevention Center.

**Jessica\*** was experiencing post-partum depression and feeling overwhelmed with a new baby in the home in addition to her three other children.

Our Infant In-Home Visitation caseworker Megan began visits with Jessica to improve her relationship with her baby. Megan learned during her visits that the father had a drinking problem, which caused marital problems, like controlling behavior towards his wife. In addition to working with mother and baby, Megan referred Jessica to our Well Program’s in-home mental health services. After a few weeks, Jessica’s newfound confidence prompted her to encourage her husband to stop drinking, and Megan referred them both to counselling and support groups. The father stopped drinking, became more caring towards his family, and he began to help Jessica with the children. Jessica was now holding, playing with, and reading to her baby, and providing her other children with the love and attention they deserved.

Mission

Mission

The Child Abuse Prevention Center directly serves at-risk children and families in crisis to prevent and break the generational cycle of child abuse.

Vision

We value every child’s right to grow up in a safe and nurturing home environment.

At A Glance

The Orange County Child Abuse Prevention Center is the largest nonprofit organization in Orange County focused solely on the prevention of child abuse. We are an organization of 135 staff members, 400 volunteers, and 15 programs—all of which have a well-documented record of strengthening parent-child relationships and preventing abuse before it occurs.

Our programs bring parent education, mental health and counseling, and family support services directly to families at risk of child abuse and neglect. The single most distinguishing feature of our services is the emphasis on intensive in-home parent education and care. Our service model is based on research by the U.S. Advisory Board on Child Abuse and Neglect that endorses in-home support as the most effective approach to successfully preventing child maltreatment. Prevention-focused services are proven to save our community \$5.70 to \$20 for every prevention dollar spent.

Alliance for Children and Families

The Child Abuse Prevention Center is a founding member of the Alliance for Children and Families. The Alliance brings together organizations providing human services to families in its aim to identify gaps in service, set standards for quality, and help the community develop resources to create stable organizations.

Bridges for Newborns  
(Infant/Toddler Program)

A partnership between community hospitals and providers like MOMS Orange County, this collaborative brings in-home support to new moms in high-risk situations.

Outreach & Engagement Collaborative

A collaboration between Orange County Child Abuse Prevention Center, Orange County Asian and Pacific Islander Community Alliance, Inc., and Western Youth Services allows assessment and treatment of mild to moderate behavior health conditions across all of Orange County. Services include short-term case management, support groups, educational workshops, and referrals to community resources.

SERVE PROGRAMS

“Serve” programs helped bring hope and intensive support to over 5,200 people.

Infant	We serve high-risk families with infants in order to strengthen bonding, attachment, and self-sufficiency
Toddler	We serve high-risk families with toddlers in order to promote positive parenting, positive behavior, and positive relationships
Coach	We serve families suspected of abuse in order to prevent future abuse by coaching families to a healthier place
In-Home Focused	We provide intensive family support services in order to prevent negative parenting patterns and abusive behaviors
In-Home Mental Health	We bring mental health support to isolated parents in order to enable the parent to meet the needs of their children
Crisis Stabilization	We serve suicidal and homicidal children who can’t be hospitalized in order to diffuse the crisis, promote a healthy family, and keep the family unit together
Visitation	We serve families who have been separated in order to reconnect the family as a unit in a safe, healthy environment
Child Abuse Services Team (CAST)	We serve child victims of abuse in order to reduce the trauma they experience while their abuse is investigated
Basic Needs	We serve families gaining custody of children in order to provide critically-needed household items

TEACH PROGRAMS

“Teach” programs provided vital education to over 2,300 people.

Teen Voices Teen Choices	We serve high school students in order to empower decisions on healthy dating, including dating violence
Parent to Parent	We teach parenting workshops in order to help parents of challenging (ADD, Developmentally delayed) children
Helping Kids Cope	We serve parents going through divorce in order to teach parents to help their children deal with the changes in a healthy way

REACH PROGRAMS

“Reach” programs provided outreach and support to over 11,000 people.

Outreach and Engagement	We provide mental health outreach in order to provide services and connections to resources in the community
School Readiness	We reach out to families with toddlers who have fallen between the cracks in order to prepare the family to support their child’s transition to school
Neighbor to Neighbor	We reach out to families suspected of abuse in order to connect them with services and resources in their community

“I never thought that I could have the chance to become an amazing parent. Through this program, I have implemented so many great techniques to help me understand, learn, react and grow as a parent so that my son can be a healthy young four year old boy.

As a child, I did not have the luxury to be led by example on how to be a parent. Growing up in the foster system and in an abusive home, soon resulted in a vicious cycle of a life I had once lived as a child. When I became a mother, I had no idea what a mother was or how to be one, but because of this program I am excited to reach out and ask for help to learn even more about being a parent.

I never knew how vital it was to teach your child with love and understanding, but most of all with respect. How engaging with eye contact and getting down to my son’s level could have such an effect on how he would trust, listen and overall feel towards the world as a child and later on as an adult. Using punishment and spanking is not the right way to discipline or control your child, intimidation is never a tool to utilize. Most of all, I have learned that it is never too late to experience a chance to change and become the parent that everyone strives to be. I am forever grateful to this program because I am able to be a confident mother and to be honest, this was one of my wildest dreams.”

—Carol, Parent to Parent Program Participant

## Champion of Children Honoree

We are so proud to honor Jack Toan of Wells Fargo Foundation as our 2017 Champion of Children recipient.

**Jack Toan** is a dedicated leader who is committed to Orange County's children, serving our community and implementing responsible philanthropic management practices. Jack believes in creating social changes through action.

Jack's leadership is grounded in the actions he takes with his family, in his community, with his church, and through his corporate responsibilities with Wells Fargo. He teaches a walk-in karate class to the underserved children in Santa Ana. He is committed to the community and currently serves on the Board of Directors of the Union of Pan Asian Communities, Team Kids, Inc., Illumination Foundation, and UC Irvine Vietnamese American Community Ambassadors, as well as on the community partners advisory board for the OC Human Relations Council. He is the current Chairman of the Orange County Funders Roundtable and member of San Diego Grantmakers.

Through his responsibility for managing the Wells Fargo Foundation's charitable giving and volunteerism programs, Jack plays an integral role in understanding and investing in the non-profit infrastructure that is so vital in bringing support to the unmet needs in our community—especially prevention work like that of the Child Abuse Prevention Center.

Jack holds an MBA from UC Irvine's Paul Merage School of Business and is a graduate of the Southern California Leadership Network.

His selfless dedication to underserved children and tireless work throughout the community makes him a true Champion of Children.

The past year has been one of growth for the Child Abuse Prevention Center. Program expansion created further need to rally dedicated supporters and tireless volunteers to our cause.

The fiscal year kicked off with our Summer Celebration event, passing out backpacks and school supplies to children in-need. Our 15th Annual Charity Golf Classic in August brought out business leaders in our community to Monarch Beach for a day on the links.

We rode the Carousel of Possible Dreams at Disneyland, as a part of the Festival of Children, raising almost \$24,000. And, with the help of hundreds of volunteer Santas, Elves and Reindeer, we collected, wrapped, and delivered Christmas gifts to 330 families in dire financial need.

The new year brought prominent businesswomen together for a lively panel discussion during our Annual Women in Balance luncheon. At CampHeART, our program families brought out their little artists to explore new mediums and express themselves in imaginative ways.

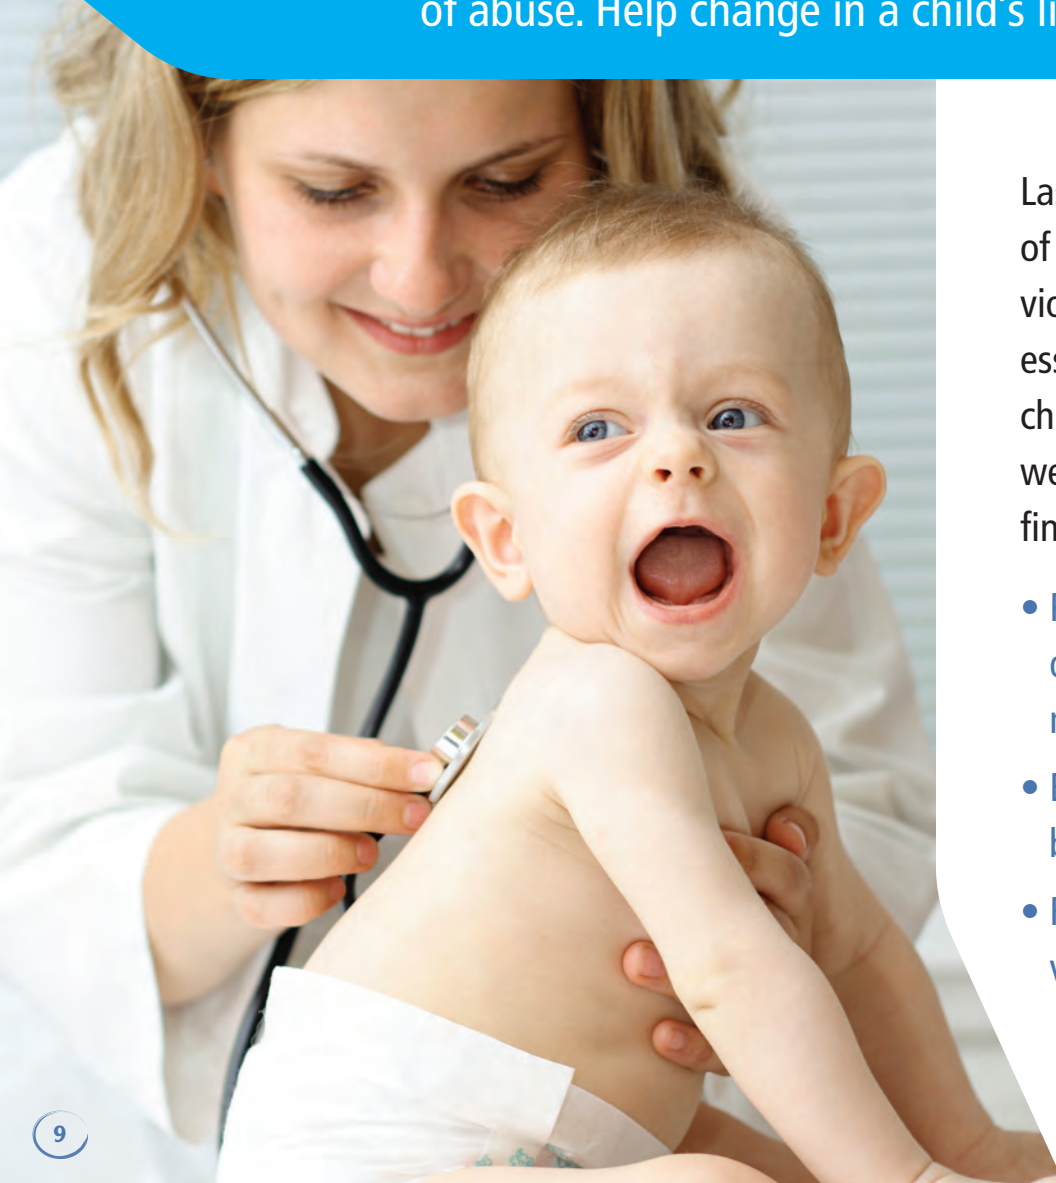

April is National Child Abuse Prevention Month, and we capitalized on the opportunity to create further awareness in the community. We visited city council meetings each week, were presented with an award by Cal State Fullerton for our intern program, and were the Premier Charity for Reebok's Ragnar Relay So Cal, where we entered 13 teams of runners and created a presence along the two-day relay course. We capped off the month with our Bright Futures Celebration Derby Party, where over 230 guests helped us raise over \$120,000 during the course of the evening.

It was a fantastic year, and we owe a tremendous thanks to our generous donors and sponsors, our energetic army of volunteers, our dedicated Board of Directors, and our tireless staff for making this fiscal year a success.

# SAVE A CHILD

\$1,000,000 can save a child in need. Bringing help at the early stages of a child's development is our best chance to break a cycle of abuse. Help change in a child's life through your support.

Last year, in Orange County, 48,000 reports of abuse were made. Protecting children from violence, abuse, exploitation and neglect is essential for our children and community. When children are protected, their health, education and well-being contribute to a thriving society. Your financial contributions can make a huge difference.

- Provide critical screenings for ADHD, developmental delays, and early mental health challenges
- Bring medical care to an isolated child by supporting in-home nurse visits
- Reach teens to prevent dating violence and pregnancy

\*from kidsdata.org

# BUILD A FAMILY

\$1,000,000 can help bring a family together. The Child Abuse Prevention Center aims to bring positive parenting into the home to create a bright future for the children.

At-risk families typically face mental health challenges, substance abuse, and histories of family violence that limit their potential to be great parents. Help us to continue to build strong families – one family at a time.

- Provide a prevention-focused outreach to at-risk families
- Bring basic needs items and home safety items to an unstable home
- Reach isolated families who need a trusted coach to get them connected to help

# BUILD GREAT STAFF LEGACY

\$1,000,000 can provide our staff with the training and tools they need to help our clients. People are at the core of our cause and the better equipped they are to lead, serve and support, the more effectively our children's lives will be improved.

Our team has been successful because it retains our best staff, and trains them to be better. But the needs of children far exceed our current capacity. To continue to grow our staff into strong leaders, we must invest in their knowledge of child abuse prevention. Your financial contribution will create a strong staff legacy.

- Provide quality training for our management to give them the tools they need to lead and empower their team
- Create a tuition fund for higher education reimbursement to advance our staff
- Upgraded technology will allow our staff, interns, and core volunteers to connect and develop skills relevant to the new economy

# ENGAGE VOLUNTEERS

\$1,000,000 can engage our community in support of one another and our children. Ultimately, the greatest form of prevention comes from neighboring families caring for families in need.

So many families practice great parenting, and yet so little of that knowledge and experience is shared with struggling families. Your financial support can help us link great volunteer families, interns and community members to families in need.

- Allow us to give better shape and structure to the valuable work that volunteer families do for our mission
- Create internships and practical applications of university knowledge that will bring talent and passion to the problem of child abuse

# LAUNCH NEW SERVICES

\$1,000,000 can help fund new services that connect with the unmet needs of at-risk families. With new programs, we can reach more families and advance our fight against the generational cycle of child abuse.

So many families are isolated by their situations—poverty, depression, violence, and substance dependencies—yet can be reached with innovative use of volunteers, information and outreach practices. Donor support makes it possible to launch new programs that respond to families in crisis.

- Bring neighborhood-focused workshops to reduce isolation
- Create a sustained connection to an at-risk child all the way through their first five years
- Provide long-term, on-going mentorship to families isolated by abuse
- Connect working professionals and retirees with at-risk teens through a “letters” program
- Give life to services using new media, such as professional help through teleconference

# END CHILD ABUSE BY 2050

\$1,000,000 can help break the cycle of abuse within two generations. By focusing intensely on this generation’s challenges and the gap between what is known and what is practiced, we can realize a significant change in our families.

What seem like lofty goals become achievable when a group of committed leaders bring focus, intensity and resources to take on a challenge. Edison led us to the lightbulb. JFK lead us to the moon. It’s time to bring our vision back down to earth and to our most vital resource:

## our children.

# SIGNATURE EVENTS

are a time for our donors and honored guests to come together and enjoy a day of giving. From our men's and women's golf events to our elegant annual gala, we strive to connect our guests to our mission of breaking the cycle of abuse.

## Charity Golf Classic

Our traditional golf tournament provides a fun day of golf, giving and networking. Our generous sponsors receive exposure to an influential and affluent group, and make this fundraising event, dinner and auction a favorite among our supporters.

## Casino Night

We invite our guests to try their luck at our Casino Night. Guests can enjoy a fun night of card games and mingling with other community leaders all while raising awareness about the generational cycle of abuse.

## Ragnar Relays

We partner with Ragnar So Cal for this 200 mile, two day relay race from Huntington Beach to San Diego, with teams of runners who fundraise on behalf of CAPC. We raised over \$40,000 for our cause!

## Bright Futures Celebration

Our elegant gala is our biggest event of the year, and offers a fun night of dining, entertainment, and giving for our guests. From raffles and auctions to guest speakers, our gala is a night to remember.

## Not So Serious Golf Outing

The ladies love our not-so-serious day of golf and giving! Past themes have seen hot air balloons and Springtime in Paris, and included a helicopter ball drop, live and silent auction, and games at each hole.

## Summer Celebration

Held at the Santa Ana Zoo, Summer Celebration is an opportunity for our donors, volunteers and sponsors to meet some of the families we serve. We provide a fun, carnival-like environment with food, games, and crafts, while giving out free backpacks and school supplies for school-aged children to prepare them for the coming academic year. In all, we distribute about 600 backpacks to needy children in Orange County.

## Families Helping Families

Our annual holiday event matches compassionate donors with 300 of our neediest families, many who can barely get by and are in need of basic items for survival. Volunteers can adopt a family as a Santa, help out at our "North Pole" as Elves, or deliver presents as Reindeer. Families Helping Families is a heart-warming event that creates an unforgettable experience for all.

## Camp HeART

Camp HeART provides a fun day dedicated to art and self-expression. Craft booths run by caring community groups and individuals allow children to explore new mediums and experiment with paint, collage, and more. Each child is given a bag of art supplies, collected through art supply drives around the community.

# COMMUNITY EVENTS

are a day for our volunteers and donors to connect with our program families and see how deeply their impact is felt.

Volunteer Statistics

This fiscal year brought more volunteers than ever to our cause. Over **400** volunteers provided more than **11,000** hours of volunteer work to help our kids and families—totaling **\$190,000** in value for our cause.

## Words From Our Families

"I am a mother of 4 kids. I felt very overwhelmed with no family plan in place for my family. [My caseworker] referred me to outside resources that were able to help me learn about self-care. Because of that, I am now able to spend quality time with my children, play and interact with them."

---

"[My caseworker] helped me to control my temper. I learned I had to control my emotions in order to teach my son how he can control his tantrums. [She] gave me resources and guidance for my son so that we can help him improve in his speech delay and control his tantrums. The program helped us improve in our mother and son bond."

---

"Because of the help [my caseworker] gave me, I feel I am very knowledgeable about preventing child abuse and how to be an effective, involved parent. I now interact better with my children, and feel better about myself."
